He teaches this. It's up to individuals whether or not they'll exercise that loving-kindness. He doesn't tell ppl what to do... that's not how Buddhism works. Buddhism teaches patience and compassion but I still get madder than a killer bee 🐝

Congratulations, Your Holiness for participating in such an important topic. Leadership is the ability to facilitate movement in the needed direction and have people feel good about it, bring smiles on their faces, bring happiness in their lives and giving equal human rights.

Lord Buddha's Teaching is the only way to achieve inner Happiness period. But you have to get your self a real 100% trustworthy Teacher, who is not in for money motive, which is very hard to come by. So only option left is to listen and learn Choejuk Chemo or Bodhicharyatara.

The message regardless of practicing faith is the Golden rule and Love for Life as all is divine. God is the word so to preach is to embody our power as creators and align with the message. I feel HHDL was chosen to live his Dharma & be messianic as a reflection of this concept
